FOR DEVELOPMENT**

18TH ANNUAL GLOBAL DEVELOPMENT CONFERENCE

#STI4D #GDN

The Global Development Network (GDN) will host its 18th Annual Global Development Conference on Science, Technology and Innovation for Development, in partnership with the Institute for Studies in International Development (ISID) and the Campbell Collaboration.

The conference will be a forum to share knowledge and practices, and learn about innovative initiatives to address the development challenges of today and tomorrow.

Theme and discussions

Three focus areas will be discussed to identify pathways for progress in science, technology and innovation systems, promoting the achievement of the Sustainable Development Goals for the direct benefit of people in developing countries:

- Global Health Challenges
- Sustainable Agriculture
- Skills, Employment and Industrial Transformation

Save the date!

11-12 December 2017 at the ISID Complex in New Delhi, India.
